Proposal by the President

Draft decision -/CP.31

Antalya Pact

The Conference of the Parties,

Noting decision -/CMA.8,[1]

1. *Strongly reaffirms* its commitment to multilateralism and *resolves* to remain united in the pursuit of efforts to implement the Convention in pursuit of its objective;

2. *Recognizes* the vulnerability of mountain regions, ecosystems and glacier-dependent communities to the adverse effects of climate change and *decides* to establish a two-year Work Programme on Mountains and Climate Change under the Subsidiary Body for Implementation and the Subsidiary Body for Scientific and Technological Advice, using relevant existing workstreams and agenda items, with a view to enhancing adaptation action, disaster risk reduction, resilience-building, data observations and early warning systems, using support through existing channels and building on existing work under the Convention;

3. *Requests* the Chair of the Subsidiary Body for Scientific and Technological Advice to convene Mountains and Climate Change Dialogues at the sixty-sixth (June 2027) and sixty-eighth (June 2028) sessions of the Subsidiary Body for Scientific and Technological Advice, with a view to elevating scientific understanding and awareness of the impacts of climate change on mountain regions, ecosystems and glacier-dependent communities, *also requests* the Chair of the Subsidiary Body for Scientific and Technological Advice to prepare, with the support of the secretariat, a report upon the conclusion of Mountains and Climate Change Dialogues, and make it available to the Conference of the Parties at its thirty-third session (November 2028), and *decides* that a high-level dialogue on mountains and climate change is to be convened at the thirty-second session of the Conference of the Parties (November 2027) under the guidance of the Presidency of that session;

4. *Recalls* the importance of the provision of climate finance, in a timely, adequate and predictable manner, to developing countries and *recognizes* the importance of multilateral

climate funds having ambitious replenishments and contributions, including for financing at scale and supporting increase in outflows, with a view to achieving a progression over time;

5. *Underlines* the importance of an ambitious third replenishment of the Green Climate Fund, *urges* developed country Parties to provide financial resources for the third replenishment of the Green Climate Fund and *encourages* the Green Climate Fund to actively reach out to potential contributors;

6. *Notes* the initial pledges announced to date towards the ninth replenishment of the Global Environment Facility Trust Fund, *notes with concern* the decline of the resources allocated to the ninth replenishment compared to the eighth, including the percentage share allocated to the climate change mitigation focal area, and *encourages* further ambitious pledges to the ninth replenishment;

7. *Recognizes* the importance of ensuring the long-term sustainability of the Adaptation Fund, the Least Developed Countries Fund and the Special Climate Change Fund and *encourages* contributions, including through multi-year pledging arrangements;

8. *Also encourages* the boards of these Funds to consider the priorities and needs of developing countries, in their activities, in accordance with their mandates;

9. *Notes* the invitations to the co-facilitators of the ocean and climate change dialogue contained in paragraphs 74–75 of decision -/CMA.8;[2]

10. *Encourages* relevant work programmes and constituted bodies to strengthen the integration of ocean-based climate action within their existing mandates and workplans and to report on progress of relevant activities, including as related to the key messages in the ocean and climate change dialogue informal summary reports, as appropriate;

11. *Stresses* that effective climate action requires inclusive, participatory and gender-responsive implementation and *urges* Parties and all relevant actors to advance implementation of the Belém gender action plan for 2026–2034, adopted in decision 7/CP.30;

12. *Recognizes* the centrality of equity and the best available science for effective climate action and policymaking, as provided by the Intergovernmental Panel on Climate Change, whose assessment reports are the most robust and comprehensive assessment of climate science, as part of the effective implementation of the Convention and the Paris Agreement;

13. *Also recognizes* the increasing complexity and breadth of the UNFCCC process and the need to maintain an inclusive, transparent, predictable, consensus-based, Party-driven process for effectively fulfilling the objective of the Convention and *resolves* to continue to strengthen the UNFCCC process with a view to fulfilling the objective of the Convention;

14. *Requests* the Chairs of the subsidiary bodies to convene a dialogue on the matter referred to in paragraph 13 above during the sixty-seventh (November 2027) and sixty-ninth (November 2028) sessions of the subsidiary bodies, *also requests* the secretariat to prepare a report containing options for strengthening the consensus-based, Party-driven process as an input to the dialogues and *further requests* the Chairs of the subsidiary bodies to prepare a summary report on the dialogues for consideration by the Conference of the Parties at its thirty-fourth session (November 2029);

15. *Notes with appreciation* the report on its thirtieth session[3] and the report of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement on its seventh session,[4] as well as the report on its thirty-first session and the report of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement on its eighth session.
